# As a Freedom Center Camp Parent, I enjoy...

*My child had a blast learning Legos and swimming in the afternoon.*

*I love seeing her happy at the end of each day and excited for the next day.*

*The action packed schedule.*

*I liked the friendly staff and the opportunity for my child to swim in the afternoons. I appreciated that it was organized and that I felt my child was safe and well cared for in my absence.*

*That he was engaged, came home excited to share the new things he learned each day.*

*Well organized, with a fantastic selection of great activities to fill our child's summer days.*

*My son loves Freedom and the Counselors. He looks forward to camp, and the Counselors seem to really love their jobs and working with the kids. Everyone is very friendly.*

*I enjoyed how much fun my daughter was having.*

## Extended Before/After Care Programs

**7:00am-9:00am & 4:00pm-5:30pm**

**FULL DAY CAMPS ONLY**

*"Of all the summer camps we have attended over the years, this is by far the best experience we've had! We love the coach's enthusiasm and interaction with the children and the level of security you have in place to ensure our children's safety! We've had other incidents where children ran wild within the facility with little to no supervision, so this comes as a GREAT relief to see such measures being taken. My daughter had so much fun and it was a direct reflection of the fun the coaches allowed the kids to have."*

## Be sure to register early and make final plans for the summer!

**\$25 last minute registration fee for any new registrations two weeks prior to the camp week.**

**All forms are available on the Freedom Center's website!**

ALL campers are required to have a COMPLETE Camp Emergency Form on file at least one week prior to his/her first day of camp. Due to our required license through Virginia Department of Social Services, we are required to have a current copy of a physical, immunization record and proof of birth for all campers.

## Questions?

Email us at

**Additional forms required if your child will need medication to be administered. All forms must be signed by physician.**

# Who We Are!

## The Freedom Summer Camp Crew

*"Unity is strength... When there is team work and collaboration, wonderful things can be achieved,"*

**Mattie Stepanek**

The Freedom Staff Family is more than a seasonal summer crew. The unique aspect of our staff is what makes our camp an experience for all campers throughout the summer. Each counselor is strategically hired then scheduled with the appropriate group to ensure his/her strengths are being put to work. Our staff and our program is one of a kind and will ensure a summer your camper will never forget.

Our staff is committed to providing your camper a safe environment, caring and experienced camp counselors, and fun-filled dynamic days.

We hire those with a passion to PLAY! Each counselor on FAF's summer camp staff is a well-trained, enthusiastic and motivating individual over the age of 18. In addition, we have Junior Camp Counselors that range in age between 16 and 17! Several summer counselors have been with us for one or more seasons and may have even been a previous camper!

Each staff member has been screened through an interview process, received background checks and references verified to ensure the safety of your camper. Camp counselors are required to attend an orientation and training prior to the first day of camp. Throughout the training, counselors participate in child development workshops, team building activities, earn a certification in First Aid, CPR and Blood Borne Pathogen and several other exciting and beneficial activities to ensure a successful and safe camp season. Training also offers counselors time to plan programs, work to build a positive group atmosphere and requires staff to embark on finding solutions to challenging situations that may occur throughout the summer and preventative tools to work towards an anti-bullying environment.

**"I loved the aspect of team bonding and collaboration with your co-workers.**

**Most companies might not make it an emphasis to promote co-worker relationships but getting along with and working well with your co-workers is an important aspect of any job but especially in this setting. The two weeks of training gave us a great opportunity to do that and I ran into virtually no conflict with other employees."**

## Junior Robotics: Safari (Ages 6-7)

(NO Camp June 19)

<b>Week 1</b>	<b>Full Day</b>	<b>9:00 am – 4:00 pm</b>	<b>\$366</b>
	<b>Partial Day</b>	<b>9:00 am – 12:00 pm</b>	<b>\$206</b>

This camp is a perfect mixture of fun and learning, using LEGO® WeDo™ Robots. Campers learn basics about programming in how to use LEGO® bricks, and explore the use of motor and sensors, as they build and program a roaring lion, horse, bull, among others.

## Apprentice Robotics: Robo Olympics (Ages 8-12)

(NO Camp June 19)

<b>Week 1</b>	<b>Full Day</b>	<b>9:00 am – 4:00 pm</b>	<b>\$366</b>
	<b>Partial Day</b>	<b>1:00 pm – 4:00 pm</b>	<b>\$206</b>

During the Robotics Olympics camp, students design, collaborate and program robots to compete in simulated Olympic events such as a sprinting in a race, throwing a basketball, and shooting a puck into a hockey goal. Students use LEGO® Robotics and computers to learn principles of robotics, computer programming, and teamwork.

*“The daily balance of exploration with engineering concepts and active swim time. My son enjoyed the different design and build projects each day – and has a great collection of his creations. Great camp!”*

## Junior Engineering Adventures (Ages 6-7)

Week 2	Full Day	9:00 am – 4:00 pm	\$457
	Partial Day	9:00 am – 12:00 pm	\$257

Engineering adventures is a unique camp that introduces our campers to Science, Technology, Engineering, and Math (STEM), and focuses on education through hands-on activities selected from our various engineering programs. Through open and focused exploration, students will work on several engineering concepts such as building towers and bridges from civil engineering, cars from mechanical, rockets from aerospace, among others.

## Apprentice Engineering Adventures (Ages 8-12)

Week 2	Full Day	9:00 am – 4:00 pm	\$457
	Partial Day	1:00 pm – 4:00 pm	\$257

## Junior Engineering of Power and Energy (Ages 6-7)

(NO Camp July 4)

Week 3	Full Day	9:00 am – 4:00 pm	\$366
	Partial Day	9:00 am – 12:00 pm	\$206

Join this camp as we look at ways to get things moving...no batteries required. In this camp, students explore the foundational concepts of potential and kinetic energy by building their very own toys. Additionally, students will explore natural power and energy sources such as falling water and the sun. Get ready for a shock in this energetic and engaging engineering experience!

## Apprentice Design the future (Ages 8-12)

(NO Camp July 4)

Week 3	Full Day	9:00 am – 4:00 pm	\$366
	Partial Day	1:00 pm – 4:00 pm	\$206

What does the future look like? Join us as we embark on an odyssey to explore the future of transportation, manufacturing and structural. Let's look at the innovations of today and apply them to create the designs of tomorrow as we explore ways to harness clean energy and house a growing human population. Become an engineer and help Design the Future.
